Maurice,

I want to thank you and the NHTSA team for your detailed and timely review. I haven't fully completed the integration of your comments in my working draft, but I took a few minutes to jot down responses to the questions that you posed via sidebar comments. To the extent you are interested in seeing those responses, please see the attached (note that this is exactly what you sent me, simply with responses to the comments, so you won't see any actual edits made on behalf of those comments). I hope I have answered thoroughly enough, although I admit I was moving through them fairly quickly, so please let me know if questions linger.

Rob

Rob,

Thank you for the opportunity to review the EPA 2014 GHG Compliance Report. We have added comments in the report to offer a few suggestions to improve clarity and to fix a couple potential errors. Greatly appreciated.

Regards,

Maurice
